

WORLD WHEAT POOL CHIEFS NAME REGINA

MINNEAPOLIS, Sept. 25.—The International Wheat Pool, which met in Regina, Sask., on June 6 to 8, 1926, has decided to meet again in October, and to make arrangements in Minneapolis.

A dozen wheat-producing states in the United States are members of the International Wheat Pool, with corresponding members in Canada and Australia.

To Hold Picnic

W. A. McLeod, of the Central Agency of Canada Wheat Pool, has been appointed to the post to effect co-operative harvesting of wheat in Canada, and thereby stabilize and control the world price. The organization was founded in 1914, and held its last regular conference in New York in 1925. According to Mr. McLeod, delegates from the Americas and India are expected to attend.

The committee will meet again in Minneapolis on January 25, 1928, to make final arrangements.

SPORT REVIEW

BY KEN MCCONNELL

PRO HOCKEY PROSPECTS

Whether or not the new professional hockey team this winter will be decided at a meeting to be held at Mike's New York City, Ontario, includes the newly formed Prairie Professional Hockey League, which would be represented by Harry Stanley, former Edmonton star with the old Eskimos, but Eddie Danson, who was the manager of the Eskimos, said as neither team was much of a success, Harry was forced to give way, and the new team would be managed by Eddie Danson. Eddie Danson, while he was the local representative and manager for Mr. Stanley.

When it looked as though the thing was going to pieces, over the Edmonton spacemen got behind the team, took over the franchise and the new team will be the Edmonton Eskimos, and will play hockey for the rest of the 1926-27 season. But for the local men getting behind the team, it would not have been represented throughout the campaign.

The new team of experts would be managed by Harry Stanley, with the hockey talent that was given him. He was forced to step in late, much too late, for the good of the team, and with the pure strings of Edmonton would have to get along as best they could with the men in the new organization.

Edmonton fans, of course, were not expected to know the "inside" story of the new team, but the Eskimos, themselves, were to support the Eskimos, merely because the team was only a young and growing team trying to get along.

It would probably be best if there was no professional hockey played here, but the local men, who are the best fans in the city, and the local fans will want to see hockey and that is the proper time to bring in a new team. The new team would be the Edmonton Eskimos, it would be the better policy for all concerned, if the pros waited until such time as the supporters of the team made known their desire to have a representative team here.

Until this time, it has been seen that the pro team can be made to even pay expenses.

REAL RACE

There is considerable of a baseball race in this National League, but after yesterday's games it looks very much as if the Pirates are the best team in the league, and that they are coming fast and they can not be put out just yet, wait for two more days.

It was not very long ago since most of the boys had the Chicago Cubs favored as the sure winners in the National League, and look what has happened. The Cardinals are now in the lead, and are along, taking the pennant when ever the opportunity presented itself. The Cardinals are the best team in the league.

It is a tough life figuring the baseball winners, except when you are taking a team like the New York Yankees.

WINS

When the baseball teams were being south last year a bet was made between two Edmontonians. One said that the Yankees would win the American League and in the National League, and the other liked the New York Yankees. The other fell in with the Washington Senators to win the American and Cincinnati Reds in the National League.

Now there is quite an argument on it as it is quite apparent that one of the two bettors is right, and the other is wrong.

It is quite apparent that the Yankees are the best team in the league.
